

Your support and donations make a difference in children's lives.

The children at Duke Children's Hospital and Health Care Center thank you so much.

I apologize for the late (extremely late) sending of this note, but wanted to personally thank you for your generous donation at Christmas. The children were thrilled to have Santa deliver presents Christmas Eve/Christmas Morning, and it wouldn't have been possible without your contribution. The joy on their faces was beyond words. Thank you from the bottom of our hearts.

Child and Adolescent Life Staff
